Absences

Students who are absent must bring a note from a parent or caregiver providing a brief explanation for the absence. The note must be given to the roll call teacher as soon as the student returns to school. When a student is absent from school, parents will be informed via a sms message.

Late Arrivals

Occasionally students may be late to school and arrive after roll call. When this occurs students are required to sign in at the Rolls Office. When a student arrives late to school, parents will be informed via a sms message.

Sick Bay

If you become unwell at school, you need to :

1. Ask the teacher for a note to go to the office.
2. Upon reporting to the office he will be sent to the Deputy Principal.
3. The Deputy Principal will decide if the parent/carer needs to be contacted.

Early Leavers from School

From time to time, students are required by their parents to leave school early.

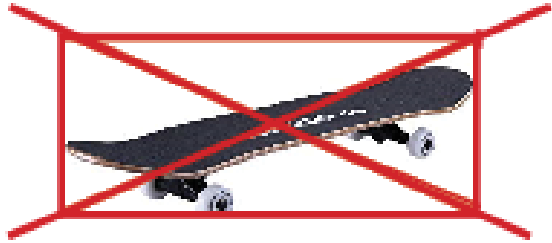

On **all** occasions, we require **written authorisation** from parents to be able to approve this. This is especially important on sport afternoons (Wednesdays) when large numbers of students are off site at different venues.

Students should bring their parental letters to the Deputy Principal **before roll call** where they will be signed. Please state **student's full name, date, school year, time of leave and reason.**

Letters are then taken to the rolls office where the early leave is logged on our system.

Transport to school

Scooters and skateboards are prohibited items at RBHS and cannot be ridden to and from school. Bicycles are permitted (with helmets).

Mobile Phone Policy

Personal electronic devices are an integral part of our lives in the modern world. It is unrealistic to believe that they can be divorced from school life. Therefore, it is important that schools recognise and encourage responsible, respectful use of personal electronic devices. Randwick Boys' High School believes that this can be achieved through a clear Code of Conduct that outlines the expectations on students in relation to their personal electronic devices.

Key to this policy and the Code of Conduct is the understanding that, while students may have personal electronic devices with them, there are clear rules and expectations about their use. Mobile phones cannot disrupt learning. Should a phone ring during class or any other activity, it will be confiscated by the teacher and taken to the Deputy Principal.

Parents will be contacted to collect the phone. Students who fail to adhere to this expectation will face sanctions.

All students will be provided with a copy of the school's policy on Personal Electronic Devices and Code of Conduct on the first day of school in 2021.

Mobile phones should remain in school bags (off, or on silent mode) throughout the entirety of all lessons, unless otherwise stated by the teacher.

“Studies tell us that it can take the brain up to ten minutes to re-engage after responding to mobile-phone distraction.”

Phones are not merely distractions for their owners in the classroom, but can also be a source of distraction for teachers and classmates alike.

For new students, it is likely that this is not a change from the policies of your primary school.

We look forward to guiding you to success!

Principal

Ms. McNeil,
Deputy Principal
