15 February 2019

## Wednesday afternoon sport

### Homework Centre begins after school Mondays and Thursdays

The Homework Centre begins on Monday 18<sup>th</sup> February. It is open each Monday and Thursday during the term and is held in the Library. All resources, including computers, are available for student use and research. There are two staff members in attendance to assist with any revision, homework, exam preparation, assessments and general assistance with classwork. The centre operates from 3.20 – 5pm on these two days. There is no charge for this assistance.

### First P & C meeting - Tuesday 19<sup>th</sup> February - Staff common room 7pm

The first P & C meeting for 2019 will take place on Tuesday 19<sup>th</sup> February at 7pm in the staff common room. All parents, guardians etc are invited to attend and participate in our brilliant P & C.

### Meet the Teacher and welcome BBQ – 5pm Tuesday 26<sup>th</sup> February

Our Annual 'Meet the Teacher' and 'Welcome BBQ' will take place on Tuesday 26<sup>th</sup> February from 5pm in our School Hall. Traditionally, this is an informal evening where parents/guardians can come along and meet the teachers, other parents and our P & C. It is a general overview of how students have settled and is NOT a formal parent/teacher evening, where interviews are conducted. Please feel free to join us on the evening. The P & C will be hosting a BBQ on the evening and we thank them for their ongoing support.

### From the Principal

#### Community consultation closes, regarding RBHS direction!

The NSW Government Community Consultation closes today, Friday 15<sup>th</sup> February. I would like to thank all staff, students, parents and the wider community for participating in this important process. We await the analysis of data and then a decision and announcement concerning the possibility of Randwick Boys' High School becoming a Co-educational High School. Either way, it is 'learning as usual' at our fantastic school!

#### Year 7 camp – not long to go!

Mr Kassab is extremely busy as the new Year 7 Advisor. He has visited all classes on numerous occasions to ensure students have settled, are enjoying their learning and are engaged. From all reports, he is one lucky year advisor, as Year 7 have taken to high school extremely well. The Year 7 camp is only one month away. This is an opportunity for Year 7 students to get to know each other even more, out of the classroom environment. I urge all Year 7 students to attend as it is a great learning and social opportunity. The camp leaves on Wednesday 13<sup>th</sup> March and returns on Friday the 15<sup>th</sup>.

**Open Night – Tue 5<sup>th</sup> March 5.30 – 7.30**

As part of our exceptional school community, you are all strong advocates for our school. Could I please ask you to advertise our School Open Night with friends, Primary School contacts etc? This year, our Open Night will be held on Tuesday 5<sup>th</sup> March beginning at 5.30pm in our school hall. This is the evening that we showcase our amazing students, staff, programs, initiatives, supports and opportunities! We are always excited to do so and this year is exactly the same. Again, our P & C will be providing a BBQ at the end of the school tours and we thank them for their support, as always!

L Raskall  
Principal

COMING EVENTS FOR TERM 1	
Week 4	Week B /Events
Monday 18 February	Homework Centre, Library, 3:30 - 5pm
Tuesday 19 February	P & C Meeting, 7pm, Common Room

**Year 7 Camp**  
**13<sup>th</sup> – 15<sup>th</sup> March**  
**Outdoor Education, Wye**  
Permission notes and Medical forms must be submitted to the front office by **Wednesday 6<sup>th</sup> March**.

### Arriving at school on time

The school would like to enlist the support of all parents and carers to ensure that students arrive at school on time, before 8.50am each day.

Students are required to be at school at this time in order to attend Roll Call at 8.50am on Monday, Tuesday, Thursday and Friday, and assembly on Wednesday. Roll Call involves the roll being marked and important daily information being provided to support students' ability to learn and engage with school. Roll Call is not an optional period – it is a compulsory part of the school day which every student is required to attend.

In terms of preparing students to assume a role in the workplace, punctuality is an important skill, critical to a young person maintaining their employment.

## Parent invitation for a Study Skills Seminar

# Study Skills

Randwick Boys' High School would like to invite our PARENTS to a STUDY SKILLS SEMINAR on 19 March from 6pm to 7pm in the Library. This seminar is for the parents of all years; however, the emphasis will lean towards parents of students in Years 11 and 12, to understand and improve the importance and benefits of their children enhancing their study skills. Advice will be given on planning, setting goals and organisational skills. We hope to see you all there!!

## School Community Charter: Launched

Principals, Admin, Teachers, Preschool, K-6, 7-12, Metropolitan North, Rural North, Regional North, Metropolitan South, Rural South and West, Regional South

On 2 December, the School Community Charter was launched.

The School Community Charter has been devised to ensure that schools are respectful learning environments for our students and wider school communities. It aligns with the vision and values outlined in the Department of Education's Strategic Plan 2018 - 2022.

The Charter outlines what parents can expect in engaging with their school as a partner in their students learning, as well as highlighting some unacceptable behaviours that have no place in our school communities. The School Community Charter provides a framework for establishing positive behaviours and terms of engagement. This is the first in a series of resources planning to support schools and their school communities.

Please take a look at the Charter on our website for more information: <https://education.nsw.gov.au/public-schools/going-to-a-public-school/school-community-charter>. Schools can use this public link to provide the charter to their parents and will be provided with posters and copies of the charter in Term 1, 2019.

 **Collaborative. Respectful. Communication.**

## RBHS - Study Skills Program 2019

Randwick Boys' High School is in the fifth year of a study skills program with Elevate Education. Students, teachers and parents are involved. The program will be implemented on the 18<sup>th</sup> February for Years 7,8,9,11 and 12.

### Year 7 Seminar Study Skills Kick Start

This seminar breaks down the transition process from primary to secondary education, introducing students to the fundamental skills that they need to be using over the coming years.

#### Each seminar covers:

- **Dynamic reading:** How to read large amounts of text and pull out the key points, not just summarise every sentence.
- **Note-taking:** How to get ideas the students have extracted from their readings into an organised set of notes that will facilitate effective learning.
- **Conceptual learning skills:** Teaching students how to think critically in order to break the information into its relevant parts, as opposed to simply rote-learning the material.
- **Self-directed learning:** What self-directed learning means and how to get it done.

### Year 8 Seminar Junior Time Management

This seminar teaches young students how to work consistently and complete larger tasks. For most students the approach of 'doing it the night before' won't work anymore. This seminar demonstrates how to break bigger tasks down into manageable amounts of work, whilst also teaching students how to prioritise.

#### Each seminar covers:

- **How to develop a study routine:** Introduces students to a study routine that allows for socialising, sport and extra-curricular activities whilst managing the increased workload of high school.
- **How to complete homework on time:** Students are introduced to 3 homework skills to ensure that all homework is handed in on time and that it does not pile up.
- **Assignments / exams:** Students are shown how to break down long- term deadlines and work consistently, balancing the demands of work that is due in the short term and their longer -term deadlines.

### Year 9 Seminar Memory & Mnemonics

The only thing trickier than getting through all the work can be remembering it! This seminar covers simple-to-use techniques and strategies that help students with their memorisation and recall of information. This seminar also shows students what an ineffective study environment can do to their memory. Students are introduced to ways to deal with Facebook, music, TV, distractions, internet and ineffective work times.

#### Each seminar covers:

- Understanding memory and how to manipulate it.
- An examination of why we forget.
- How to ensure more information is retained.
- **A number of memory techniques are outlined for:**
  - Revision
  - Live association
  - Recital
  - Chunking
  - Triggers
  - Mental movies
  - How structure can assist with memory
  - Mnemonics

### Year 11 Seminar- Student Elevation

This seminar examines the key fundamentals for senior school success and introduces students to a range of growth mindset-based skills.

#### Each seminar covers:

- **Belief:** Students analyse the role of belief as a means to propel them to their personal best in their final years. They also confront their conditioned beliefs and self-limitations.
- **Goal setting:** All students are led through a 4-step goal-setting process, helping them to identify their unique and compelling reasons to drive them through their final years. Goals examined are based on the student's ambitions and include career path, university and vocational study-based goals.
- **Short term planning:** Once students have identified their compelling reasons they are led through a short-term planning process, helping them break their goal into a series of achievable, short term benchmarks.

## Year 12 Seminar- Ace Your Exams

With the arrival of exams, knowing the material is no longer enough, it now becomes a case of application. The question for many students is: “How do I take all the work I have done and turn it into the results I deserve?” This seminar outlines the critical exam skills that will allow them to excel in the exam room, whilst also demonstrating that exams are not just about the exam room - the preparation is where students get the results.

### Each seminar covers:

- **Effective work:** Students are introduced to the different types of work they can do in preparation for exams, and which are the most effective. They therefore walk out of the seminar with an understanding of precisely what work they should be doing and when.
- **Fixing mistakes:** Students are shown how to identify exactly what they’re currently doing wrong on trial exams and practice papers, and how to ensure these mistakes are not repeated when it counts.
- **Allocation of time:** Students are taken through a step-by-step process to ensure preparation is completed weeks in advance.
- **Exam room techniques:** Students are shown exam preparation strategies including stress management, planning, time allocation and how to tailor a succinct, focused answer.

# School Community Charter

**Collaborative. Respectful. Communication.**

The following School Community Charter outlines the responsibilities of parents, carers, educators and school staff in NSW public schools to ensure our learning environments are collaborative, supportive and cohesive.

**We treat each other with respect**

## What our schools provide

NSW public schools work to create positive environments for students, staff and the entire school community that support student learning. We strive to ensure that every student is known, valued and cared for.

**The best education happens when parents and schools work together.**

The School Community Charter aligns with the NSW Department of Education Strategic Plan 2018 – 2022.

## Positive environments

It is important that our NSW public schools are positive environments and that parents and carers are kept informed of students' progress and school announcements.

Parents and carers can expect:

- to be welcomed into our schools to work in partnership to promote student learning.
- communication from school staff will be timely, polite and informative.
- professional relationships with school staff are based on transparency, honesty and mutual respect.
- to be treated fairly. Tolerance and understanding are promoted as we respect diversity.

**We prioritise the wellbeing of all students and staff**

**Unsafe behaviour** is not acceptable in our schools

**We work together with the school**

**Ensuring respectful learning environments for all members of NSW Public Schools communities.**

© NSW Department of Education

We create  
**collaborative**  
learning  
environments

We  
all play  
a part

We work  
**in partnership**  
to promote  
student  
learning

### Communicating with our schools

Our staff will find a time to talk to you when they can give you their full attention. Please remember that while our staff are in class or dealing with other matters, they may not be available to answer your questions immediately.

Our schools and communities will make sure that written communication is appropriate, fair and easy to read. We encourage you to use email and social media appropriately to connect with your school and stay up-to-date with up-coming events in the school community.

Our guide for parents, carers and students provides useful information about the complaints process: [education.nsw.gov.au/about-us/rights-and-accountability/complaints-compliments-and-suggestions/guide-for-parents-carers-and-students](http://education.nsw.gov.au/about-us/rights-and-accountability/complaints-compliments-and-suggestions/guide-for-parents-carers-and-students)

### Respectful communication is a right

In all workplaces people have the right to feel respected. Unacceptable and offensive behaviour has no place in our school communities.

To ensure the wellbeing of students, staff and the community in our schools, steps will be taken to address unacceptable behaviour. This may include restricting contact with the school community or, in more serious cases, referral to NSW Police.

### Unacceptable behaviour may include but is not limited to:

- Aggressive or intimidating actions, such as violence, threatening gestures or physical proximity.
- Aggressive or intimidating language, including the use of obscenities, making sexist, racist or derogatory comments or using a rude tone.
- Treating members of the school community differently due to aspects such as their religion or disability.
- Inappropriate and time wasting communication.

**Collaborative.**  
**Respectful.**  
**Communication.**

## Parenting Workshops

Practical workshops for busy people  
JANUARY TO JUNE 2019

### Workshop descriptions

#### Play workshops for parents and their children

Find out how children learn through play and what toys and activities are suitable for each stage of their development.

#### Triple P parenting (2 to 12 years)

Strategies for a diverse range of parent/child issues such as discipline, good communication, appropriate behaviour, setting ground rules and building positive relationships with your children.

#### Dads and bubs bonding

A hands on workshop for dads/granddads/male carers and their new babies aiming to assist new dads with practical information including feeding, sleeping and settling, infant communication and play as well as the challenges of being a father

#### Play power (0 to 3 years)

Brain development and ideas for play activities using everyday items. Opportunity to ask questions and share parenting experiences

#### Wise choice kids (2 to 12 years)

You will learn how to help your child develop empathy, resilience and self-control, through using the day to day experiences of your child.

#### CPR and first aid (0 to 8 years)

Demonstration of CPR and first aid for choking, drowning, accidental ingestions, sunburn, burns and scalds, bites and stings.

#### Men who father

This workshop is aimed at fathers and carers who wish to enhance their relationship with their children and want to discuss any challenges with other men who are also in a parenting role.

#### Healing together – mothers parenting group for survivors of trauma and abuse

For survivors of domestic violence looking to learn about how their children and their parenting is impacted by trauma and abuse. Support, nurture and increase connection with your child in a safe and empowering environment.

#### Engaging adolescents (for parents/carers of children aged 10 to 18 years)

Identify normal and acceptable teenage behaviour, how to build positive and respectful relationships and how to manage challenging teenage behaviour.

#### "I have to go now!" Separation anxiety (0 to 12 years)

Acknowledge, anticipate and effectively deal with separation anxiety in ways that increase a child's general confidence and willingness to separate from loved ones.

#### Helping children learn (all ages)

Sometimes going to school can dent a child's confidence as a learner. Come and learn about your very special role in supporting your children at school or with learning anything.

#### Tantrums and behaviour management

A workshop aimed at keeping you connected with your kids, dealing with issues that may arise daily and strategies to help you cope.

#### Tuning into kids

A six week course that teaches parents the skills they need to help their children understand and manage their emotions.

#### Dads tuning in to kids

A four week program held on Saturdays that gives fathers/step/grandfathers the skills they need to help their children understand and manage their emotions, while increasing connection with their children.

#### Keeping kids in mind

Aims to help parents after separation cope with challenges that may include conflict, violence, addiction struggles and anxiety.

#### Tuning in to teens

This is a six week course providing strategies to manage your own and your adolescent's emotions in ways that help you maintain a close connection and keep communicating.

### About the speakers

**Antonia Folden** is a qualified early childhood educator with over 20 years experience working with children and their families. She has extensive knowledge on the importance of play, child development, positive behaviour techniques and school readiness.

**Jennifer Wu** is a family support coordinator, early childhood specialist and accredited facilitator of many groups. She has 20 years experience working with families providing child development and parenting support and also works with families in trauma.

**Juliette Ferrier** is therapeutic services coordinator, a counsellor and caseworker. She is a domestic violence specialist having worked extensively with women and families in trauma.

**Dr Debbie Perkins** is an experienced paediatrician at Sydney Children's Hospital with extensive experience doing community talks.

**Bronwynn Jursik** is a child and family services team leader and is an accredited Triple P, Triple P stepping stones group and Play power facilitator. Working extensively with children with additional needs, supported playgroups, child development and parenting support.

**Ruming Yang** has a degree in social work and is an accredited 123 Magic practitioner with extensive experience in supported playgroups, child development and parenting support.

**Ana Chacar** is an accredited Circle of security, 123 Magic, Keeping kids in mind facilitator with casework experience working with families and children.

**Georgie Grant** is a qualified social worker who has worked with families and children for over 10 years and is an accredited Circle of security and Keeping kids in mind facilitator.

**Josh Tierney** has been a community worker for seven years. He has two young sons and is a soccer coach. Josh is passionate about raising socially, emotionally and physically confident children.

**Madeleine Winter** is a parent and instructor with Hand in hand parenting. She provides parents with practical listening tools to build and maintain connection while providing effective limits.

**Evelen Tawdros** is a qualified and experienced early childhood educator, Dads tuning in to kids, Tuning in to kids and Teens practitioner, RAGE (renegotiating anger and guilty emotions) as well as Engaging adolescents and Play power facilitator.

**Tina Gouskos** is a qualified and experienced early childhood teacher for birth to five years with extensive experience in child development and a strong focus on child and family relationships.

**Kristy Greenloes** is a qualified and experienced early childhood educator, coordinator of the Randwick and Botany Supported Playgroup Service, an accredited 123 Magic, RAGE (renegotiating anger and guilty emotions), Tuning in to kids, Dads tuning in to kids and Play power practitioner.

# RANDWICK

## CAMPUS REDEVELOPMENT

Community Notice – February 2019

### Community Notice - February 2019

This Community Notice provides an update on site establishment, demolition and early works for the Randwick Campus Redevelopment and upcoming activity in February 2019.

The health and safety of patients, families, visitors, staff and the community is our top priority.

Randwick Campus Redevelopment complies with strict environment and planning controls. Mitigation measures are in place to manage noise, dust and vibration. We are working closely with Transport for NSW, CBD South East Light Rail and UNSW to manage and coordinate construction in the area.

Upcoming activities may be rescheduled due to unforeseen circumstances or inclement weather.

#### Work continuing during February 2019

- Demolition
- Removal of hazardous building material and remediation of ground-fill
- Services diversions
- Out of hours machinery deliveries
- Tree removal and clearing of vegetation

#### Upcoming activity – February 2019

Activity	Description
Sheet piling	Sheet piling commenced in January 2019 and will continue throughout February. All sheet piling will be undertaken within the site boundary during standard site hours. This method of piling is used to create an in-ground retention wall and provide excavation support. Steel sheets with interlocking edges are driven into the ground using a large excavator.  Mitigation measures will be in place to manage noise and vibration generated by sheet piling work.
Removal of trees with branches overhanging site boundary	During February trees with branches overhanging the High Street and Hospital Road site boundary will be removed.  To safely proceed with this work a temporary exclusion zone will be established. Traffic control will be in place to support vehicle and pedestrian movements.  Tree removal will be undertaken by a skilled arborist using chainsaws, tree trimming and mulching equipment. A mobile crane will be positioned on Eurimbla Avenue to remove trees with branches overhanging High Street.
Construction vehicle movements	The volume of construction vehicles entering and exiting the construction site will increase throughout early 2019.  Construction vehicle access will predominantly occur through two access gates along Botany Street. Traffic controllers are stationed at each gate to support the safe movement of pedestrians and vehicles in these areas.  Truck minimisation periods are in place during morning and afternoon traffic peak periods. During these times large vehicle movements are reduced to minimise impacts on the local road network.

**RANDWICK**  
CAMPUS REDEVELOPMENT

Excavation	<p>Excavation work involves the removal of soil and rock to prepare the site for services upgrades and main building works. Excavation activity will require saw cutting and rock breaking.</p> <p>Excavation work will commence in February and be carried out by excavators, attachments, bob cats and truck and trailers. Work will occur within the site boundary during standard hours.</p>
Hoarding realignment	<p>To safely undertake services upgrades site hoarding along Botany, High and Magill Streets will be relocated to align with the existing kerb. Re-alignment of the site hoarding will allow construction activities to be safely undertaken within the site boundary.</p> <p>To undertake the hoarding re-alignment, work will be undertaken both within, and outside of the site boundary. This work will occur within standard site hours.</p> <p>Pedestrian diversions will be in place to maintain pedestrian access along Botany and High Streets. Diversions will be coordinated with CBD South East Light Rail.</p>
Water disconnections	<p>Additional water disconnection work is required to disconnect water supply from vacated properties along Botany and High Streets.</p> <p>Disconnection work requires saw cutting of the road surface, manual and machine digging to reach each water connection point, backfilling and road restoration. Small excavators, saw cutters, some truck and personnel will be used to carry out this work.</p> <p>Access for road users and pedestrians will be maintained at all times under the support of traffic control.</p> <p><b>This work will occur out of normal working hours between 8:00pm and 5:00am for traffic and safety reasons.</b></p>
Hospital Road trenching – Water connections	<p>Temporary, single lane closures along Hospital Road are required to safely undertake trenching work to create the permanent water connection for the new Acute Service Building.</p> <p>Connection work requires saw cutting of the road surface, trenching to reach the water connection point, backfilling and road restoration. Small excavators, saw cutters, some truck and personnel will be used to carry out this work.</p> <p>Access for road users and pedestrians will be maintained at all times under the support of traffic control.</p>

**Keeping you informed**

We encourage you to get in touch with us if you have any questions, feedback or complaints.

Please call us on 1800 571 866 (24hrs) or email [randwickcampusredevelopment@health.nsw.gov.au](mailto:randwickcampusredevelopment@health.nsw.gov.au)

**For an interpreter, call 131 450 and ask them to call 02-9978 5402**

**If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on 131 450 and ask them to phone Randwick Campus Redevelopment on 1800 571 866.**

# Randwick Boys' High School
