## A rainbow over Randwick Boys' High School

## Upgrade

There are many meetings taking place regarding our upgrade. Initial plans and discussions have been very promising. Once we are instructed to send particulars to our school community, we will be doing so. Watch this space!

## From the Principal

### Higher School Certificate

Our HSC students have been extremely busy completing exams for the past two weeks. These exams will continue until the 11<sup>th</sup> November. HSC exams are not supervised by teaching staff. We have one Presiding Officer, Anne, who arranges everything for the examination period. Anne arranges a team of invigilators, who assist with supervision etc. Each year, Anne provides feedback to our school on the cohort. I am so pleased to say that for the past 4 years, she has praised our Year 12 students and this year is no different! She has been so impressed with our students, their behaviour, attitude and the fact that very few have left an exam before the scheduled finish time. Well done, gentlemen!

### Sport

Summer Grade Sport begins next week. As it is part of our culture and fabric, we welcome competition and the season! I know many of our students have missed the comradery that comes with playing grade sport. The students have been extremely patient, parents and staff have been understanding and that has paid dividends. A special thank you to Mr Noreika, our sports coordinator, who has done a brilliant job during the period of no or limited sport and now, ensuring the summer season begins.

### Riding Bikes

Riding bicycles to school is encouraged and we have recently acquired more bike racks to meet demand. As has been mentioned to students on the assembly, students are not to ride their bikes once they enter the school gate. In the mornings, students have been instructed to ride to the gate, get off and wheel their bike to the rack. This is for everyone's safety. In the afternoon, the reverse takes place, walk your bike to the street and then ride your bike. All students are reminded, once again, of these requirements. Consequences will be issued to any student who fails to comply.

# Year 8 Food Technology - making scones Spaghetti Bolognese TAS cooking lesson

We looked at a recipe to prepare a dough using self-raising flour and butter to make scones.

The boys took turns to help use cup-spoons to measure the flour and scoop it into the mixing bowl. They then cut butter in 80g portions to mix with the flour in addition to 150g of milk. They then used a butter knife to mix the dough until it was all mixed. The dough was then rolled out into 2cm thickness, using a rolling pin, and cut into shape, using a cookie cutter mould. The scones were then baked in a pre-heated oven for about 15 minutes.

## Engaging with the community

To ensure we protect public health and safety during the Coronavirus outbreak, we need to change the way we consult with the community.

Please be assured we will continue to respond to any questions or concerns you may have about our work.

## How will the work affect you?

Our work needs to be carried out at night to minimise traffic disruption and reduce safety risks to the workers and motorists.

It may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks such as jack hammering and saw cutting by **midnight**.

To minimise disruption to residents, businesses and road users, we will not work more than two nights in any week.

## Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.
