## Duke of Edinburgh Silver Journey Blue Mountains

## From the Principal

### HSC exams conclude

A huge congratulations to our Year 12 students and students all over the state, who have just completed their Year 12, Higher School Certificate Examinations. 13 years of Primary and Secondary education comes to an end. For over 70% of our Year 12 students, this will be the start of their Tertiary education. Many others will start apprenticeships and a small number will enter the workforce. Whatever our students choose to do, they leave with our best wishes and blessings for a successful future.

### November

Randwick Boys' High School staff and some students have jumped on board with our hard working P & C and will be participating in Movember. This event will be a chance to raise funds for very worthy causes! We have many competitions and events surrounding the Month and Mr Jackson is pleased to announce that close to \$400 has already been raised! Go Randwick!

# MOVEMBER®

### World Teachers' Day

I mentioned World Teachers Day last in last weeks newsletter. This week, I want to thank all parents for their beautiful messages which were collated and became part of the card for staff. I would also like to acknowledge the generosity of families and the lovely donation for staff. We are humbled and greatly appreciative of your thanks!

### Yearly examination period, for all years, now complete.

The Yearly examination period has now finished for all Year groups. This by no means signals an end to learning at Randwick Boys' High School. Students will continue with coursework and extension activities until mid December.

# Exams are Over!!!

### Breach of security

This morning, our email system was compromised and most students in all years received an email to their school account which was not sent by DE or any RBHS personnel. Steps have been taken within the Department of Education and other agencies, to acquire the source of the email. Should your son discuss the email with you, please ask him to delete content without opening. Should he have already opened the email, he is still encouraged to delete. It shows a gathering of Year 12 students.

L Raskall  
Principal

## From the Deputy Principal

It is with great excitement that we can announce today that in two weeks time, we will be a Yondr school! After an extensive consultation process, feedback from staff, parents and the wider community felt overwhelmingly positive about implementation of the Yondr pouches at RBHS, and we have decided to proceed by securing mobile phones and providing students with a phone free learning environment for the duration of the school day. Studies show that the average teenager spends MORE THAN 7 HOURS on their phone every day. At RBHS, we want to make sure that students are focused on their learning and develop strong social skills and relationships.

Yondr is currently used globally in over 2,000 schools and 150 schools within Australia, as well as at concerts, comedy shows, weddings and special events of all kinds. The goal of these spaces is to encourage people to engage with each other and their surroundings.

**The Yondr Program employs a simple, lockable pouch that stores a mobile phone.** Every student will secure their phone in a personally assigned Yondr pouch when they arrive at school each morning. They will maintain possession of their phones, and will not use them until they are unlocked at the end of the school day. Students are required to bring their Yondr pouch to and from school each day and are responsible for their pouch at all times.

We are encouraged by the effects of this system in learning institutions. In 2019, Yondr surveyed over 900 school partners to measure the effects of creating phone-free educational environments. These schools achieved notable progress in multiple areas:

- **65% of schools saw an improvement in academic performance**
- **74% of schools saw an increase in student engagement in the classroom**
- **83% of schools saw a decrease in behaviour referrals**

We believe the Yondr program will allow our students to:

- Be more mindful and less distracted
- Be more engaged in classroom activities
- Improve their communication and interpersonal skills

In addition, we expect there will be a decrease in bullying and harassment through social media.

In an effort to best serve your child, we appreciate your full support in adoption of the Yondr Program at Randwick Boys' High School.

Sincerely,  
E Payne  
Deputy Principal

### How Yondr Works

#### POUCH

Students will unlock their personally allocated pouch at the contact stations located at the entrance areas of the school

#### SECURE

Place mobile phone in pouch and close. Mobile phone will remain locked in pouch and in the student's possession for the day

#### EXIT

Students tap contact station as they exit the school to unlock and access mobile phone

## **Frequently Asked Questions**

### **When will this happen?**

On Tuesday 8<sup>th</sup> November, all students will be provided with a Yondr pouch (free of charge) and will be instructed on how these will be used at RBHS, including the expectation that phones will be turned off, locked in their pouch upon entry at the school gates, and remain in their bags until the end of the school day, where they will open their pouches as they exit. From Wednesday 9<sup>th</sup> November, this process will be expected.

### **Will my student's phone be safe?**

Students are in possession of their phone - in their Yondr pouch - for the entire school day. We will advise students to store the pouch in their backpacks where it is completely safe.

### **Is this just for mobile phones?**

The new policy and procedures cover all electronic devices e.g. AirPods, smart watches, Nintendo Switches etc

### **Is it for break times too?**

Yes! So get comfy talking to your mates in person or pack an extra handball!

### **What if there is an emergency?**

In case of an emergency, we direct our students to safety first. School staff will be able to unlock a Yondr pouch in a matter of seconds for students once they are in a safe and secure location.

### **Will I be able to access my debit card on my phone?**

No. So if you intend to use a card at the canteen and front office, you will need to have a physical debit card. School fees and excursions can be paid for online.

### **How will I know what class I have if I can't check my phone?**

All students will be issued a new printed timetable to keep in their bag.

### **What happens if I need to urgently contact my child?**

We want our students to be engaged in their learning. Please refrain from contacting your student during the school day unless it is an emergency. Please call the front office on (02) 9399 3122 and staff can pass a message on to the student. Please ensure that only correspondence that is urgent is communicated through this process. Students can still be sent a text about after school plans etc that they will see at 3:15pm.

### **What happens if I lose my pouch?**

It is important to let the front office staff or deputy principals know immediately. New pouches will be \$15.00 and students will not be able to bring their phones to school

### **What happens if I damage my pouch?**

We understand accidents happen, so please just come and tell the deputies. If the damage was intentional, \$15.00 will be charged for a new pouch, the student's phone will be confiscated, and a parent must come to school to retrieve it.

### **How will teachers know if I've lost or damaged my pouch?**

Regular checks will be conducted in roll call, and random spot checks by the deputies.

### **What if I need my phone for a class activity?**

We understand that sometimes smart phones can be a great educational tool, so teachers will have access to unlocking devices for that period if needed.

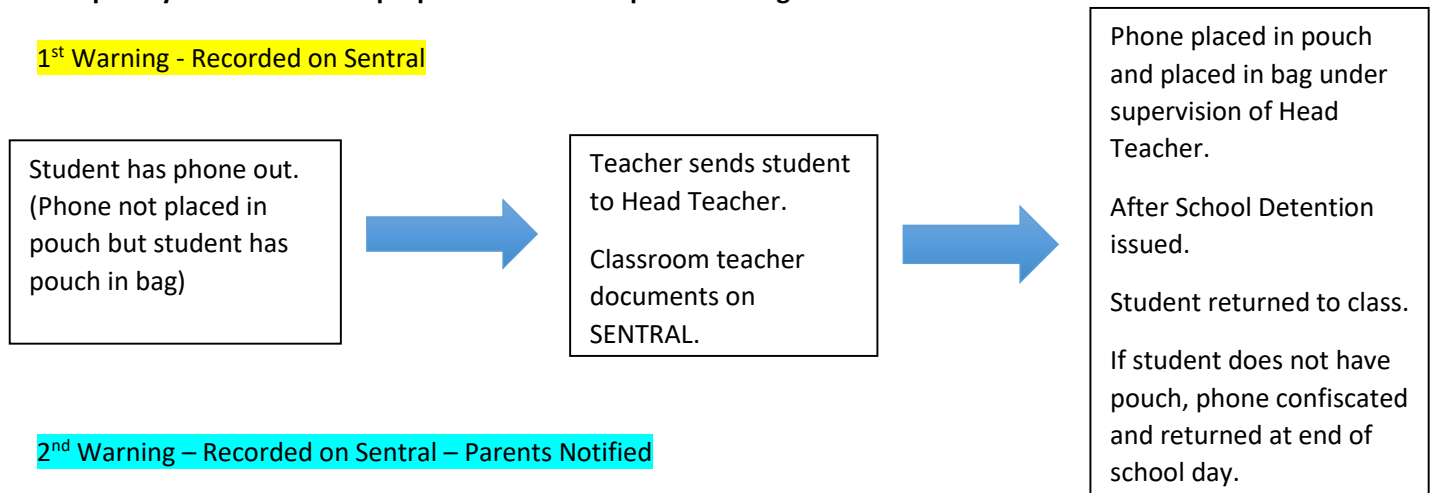

### Will I be able to use my phone at sport?

Unlocking devices will be taken to sports held off-site and when dismissed at the end of the day, students will be able to unlock their pouches.

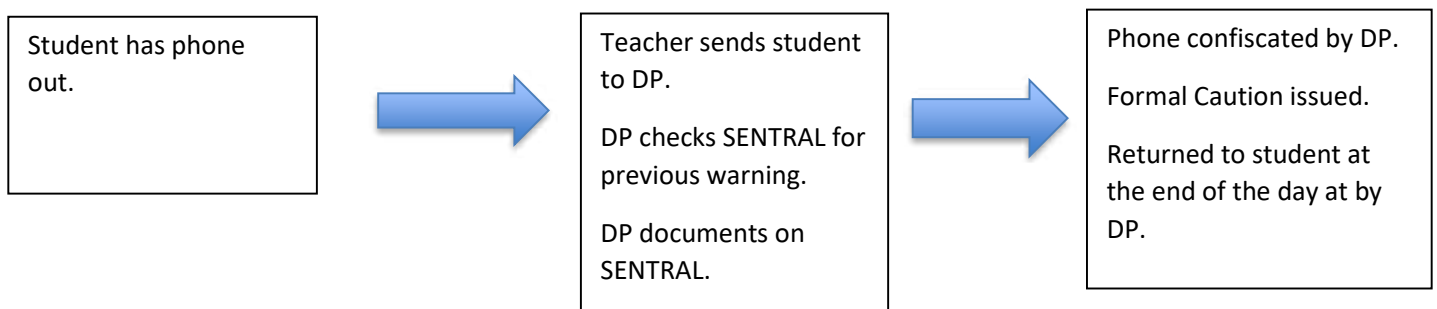

### What if I'm caught on my phone in class or during breaks?

#### Disciplinary action for the improper use of mobile phones or digital devices.

##### 1<sup>st</sup> Warning - Recorded on Sentral

##### 2<sup>nd</sup> Warning – Recorded on Sentral – Parents Notified

##### 3<sup>rd</sup> Warning – Recorded on Sentral – Parents called to collect the student phone

### Do you have any other questions?

Please do not hesitate to email the school and we will get back to you.

## Game Changer Program

Arin Ayan, Year 10

## Premier's Reading Challenge, Gold Medal

Arin successfully completed the Premier's Reading Challenge for 7 consecutive years & achieved gold medal status in 2022.

"Participation in the Premier's Reading Challenge fosters creative mindsets, endless imaginations & critical thinking skills. It also builds motivation & determination for achieving future life tasks.

My reading interests for the Premier's Reading Challenge were primarily non-fiction books, in particular books about the universe, Earth, our body, life, true stories, biographies, autobiographies & animals. I gained valuable knowledge & understanding necessary for our future.

Although fiction books, for the Premier's Reading Challenge I recommend Harry Potter books to stimulate the imaginations of young minds."

## Arriving at school on time

The school would like to enlist the support of all parents and carers to ensure that students arrive at school on time, before 8.50am each day.

Students are required to be at school at this time in order to attend Roll Call at 8.50am on Monday, Tuesday, Thursday and Friday, and assembly on Wednesday. Roll Call involves the roll being marked and important daily information being provided to support students' ability to learn and engage with school. Roll Call is not an optional period – it is a compulsory part of the school day which every student is required to attend.

In terms of preparing students to assume a role in the workplace, punctuality is an important skill, critical to a young person maintaining their employment.

## Raise Youth Summit 2022

On Thursday 3 November, Kai, Rashmika, Ahasan, Nixon and Gabriel attended the Raise Youth Summit in the headquarters of Salesforce, one of the largest software firms in the world, in the CBD. Raise is the provider of the Youth Frontiers program that has run successfully at our school for several years. Raise finds mentors from the community to work with young people to develop skills in organisation, communication, goal setting and wellbeing.

The Summit was called to get the input from young people about how the Raise program can increase its appeal to young people and reach a larger audience. North Sydney Girls, Marsden, Newtown and Rouse Hill High Schools were among the other participating schools. The students combined with other students to focus on key parts of the project. They were assisted by the Creative Team of Salesforce to brainstorm and then carry their ideas towards development.

Ahasan and Kai worked with students from North Sydney Girls and Rouse Hill Highs to develop ideas for a new component to the Youth Frontiers Handbook. Nixon, Rashmika and Gabriel teamed up with some students from Newtown and Turrumurra Highs to explore ways that the Youth Frontiers handbook can be digitised and made interactive.

Kai explained to me how much he enjoyed working with other schools, collaborating effectively to reach goals. Nixon was particularly impressed with the spectacular facilities and the helpfulness of the Creative Team. Rashmika had great ideas that he presented to the whole Summit on the ways that artificial intelligence can be harnessed to improve user outcomes. Ahasan took a leadership role in his team and helped to focus its goals.

The photo shows the team in the seminar room, where we were astonished by the view over Darling Harbour. Salesforce and Raise were excellent hosts, and we greatly enjoyed taking part in the Youth Summit. We look forward to continuing our partnership with Raise in 2023.

Wellbeing Coordinator

## Student Representative Council partnership

On Thursday 3rd November, Randwick's Captains, Richard and Ethan, accompanied by two prefects, Om and Abdullah, had the great opportunity and privilege to start building the foundations for a partnership with Riverside Girls' High School.

Riverside and Randwick have started to plan out many events for the coming year, including White Ribbon Day, Sports Gala Day, Wear-it-Purple Day, and many more.

Randwick looks forward to building our partnership with Riverside Girls' and would like to extend our thanks to Principal Ms McNeil, Riverside's Captain Hannah Young and their SRC.

## Grade Sport Report

This week was Round 8 of the summer grade sport competition. RBHS faced off against Ashfield Boys' away from home. After a rocky start to the season, Ms Austen's U14's futsal team continue to impress with back-to-back victories. Long shots just a few short weeks ago, they have now put themselves right back into finals contention! Continuing with the winning theme, Mr Keating's snr futsal also took out victory against the opposition. Congratulations to all boys involved in grade sport competition.

## Around The Grounds

This week our focus athlete of the week is Elijah Chapman (Yr 10). Elijah has been successful in obtaining a place in the Roosters U17's Harold Matthews summer squad. The Harold Matthews competition is the elite U17's rugby league competition in NSW. It consists of all NSW based NRL teams and is the first step towards a pathway to a career as a professional rugby league player. Congratulations Elijah!

## RANDWICK BOYS' HIGH SCHOOL POLICY ON DIGITAL DEVICES AND ONLINE SERVICES

**WRITING DATE:** September 2022

**IMPLEMENTATION DATE:** October 2022

**TO BE REVIEWED:** December 2022

### Policy statement:

This policy covers the use of digital devices (personal or school provided) and online services in school-related settings, specifically on school grounds, at school-related activities and outside of school where there is a clear and close connection between the school and the conduct of students. A personal electronic device is any device that students may use as part of their daily lives, such as a mobile phone, smart watch, iPad, tablet, personal computer or gaming device. Use of digital devices at Randwick Boys' High School will be governed by the RBHS Code of Conduct for the use of Digital Devices and Online Services.

### Context:

Digital devices are an important part of everyday life, shaping the way young people learn, communicate, work and play. Randwick Boys' High School accepts that parents and caregivers give their children mobile phones to protect them from everyday risks involving personal safety and security. It is acknowledged that providing a student with the mobile phone gives parents reassurance they can contact their child if they need to speak with them urgently **outside of school hours**. The implementation of the YONDR system will aim to increase the learning time of our students, reduce mobile phone related distractions and increase the safety of our students in the playground. Student use of digital devices and online services in schools is intended to enhance learning, wellbeing and educational attainment.

Students' safe, responsible and respectful use of digital devices and online services is the shared responsibility of students, parents, carers and school staff. Personal electronic devices brought to school by students are brought at the student's own risk. The school does not undertake to investigate their loss, theft or damage. Teachers have the responsibility to manage classes effectively and the school will support teachers enforcing the **Code of Conduct for the use of Digital Devices and Online Services**.

The Code of Conduct will be given to students as part of their Year 7 orientation.

1. The Code of Conduct will be given to new enrolments as part of the enrolment package.
2. The Code of Conduct will be given to all students Years 7-12 on Day 1 of the school year.

### Responsibilities and Delegations

1. It is the responsibility of students who bring mobile phones to school to abide by the guidelines outlined in this document. Mobile phones are not to be used during school hours.
2. Every student will be assigned a personal YONDR Pouch with an ID Number. While the YONDR Pouch is considered school property, it is each student's responsibility to bring their pouch with them to school every day.
3. Be safe, responsible and respectful users of mobile phones and online services, and support their peers to be the same.
4. Respect and follow school rules and procedures and the decisions made by staff, knowing that other schools may have different arrangements.
5. Due to the implementation of the YONDR Pouch, parents are reminded that in cases of emergency during the school day, the school office remains the preferred point of contact and school staff will ensure students are contacted quickly and assisted in the appropriate way.

## EXEMPTIONS

**6.1.** Use of mobile phones will be permitted at recess, lunch and during class-time if a student requires a digital device or online service for medical reasons or for reasonable adjustments made as part of their Individual Education Plan or Healthcare Plan.

**6.2.** Exemptions to any part of this procedure may apply for some students in some circumstances. Parents and carers can request an exemption and these will be considered on a case-by-case basis and granted when required by law or at the principal's discretion.

## Procedures

### AS STUDENTS ENTER THE SCHOOL

For students who bring their mobile phones to school,

1. The expectation is that their phone is turned off before they enter the school grounds.
2. Unlock their empty YONDR Pouch using an Unlocking Base at the School's front gates (Avoca St, Rainbow St and Barker St).
3. Place their phone inside the pouch, securely close it and store in their school bag.
4. Each student will maintain possession of their mobile phone inside their YONDR Pouch for the duration of the school day. Late students will do this process at the Rolls Office as they sign in.
5. Exceptions may be permitted at the discretion of the teacher who is conducting the lesson or event. They will advise students if mobile phones may be used for a designated learning activity and an Unlocking Base will be made available to unlock the student's YONDR Pouch. This will also be the case for students with additional learning needs, who may need to use their device as a learning aide. At the end of the lesson, the expectation is that mobile phones will be placed back in their locked YONDR Pouches until the end of the day.

### AS STUDENTS EXIT THE SCHOOL

6. At the end of the academic day, students will be able to unlock the YONDR Pouch using the Unlocking Bases at the school gates. If offsite for activities such as sport, where students are dismissed from the venue, portable unlocking devices will be available.
7. Students will then be able to remove their mobile phones from their YONDR Pouches for personal use, securely close their empty pouch and place it in their schoolbag for use the next day.
8. For students who need to leave early, an Unlocking Base will be placed in the Front Office.

## VIOLATIONS

Below is a list of potential student violations. Please note that this list is not exhaustive and any violations not foreseen will be dealt with in accordance with the School Welfare and Discipline Policy. Each of these violations will result in the student's device/phone and/or pouch potentially being confiscated by school staff.

1. Physical damage to the pouch in an attempt to circumvent its intended purpose. (Ex: Discolouration, pen marks or stripped lock inside the pouch). Students will have regular inspections of their pouches during roll call and spontaneously throughout the day if needed.
2. Forgetting or losing the pouch – phone will be left at front office.
3. Refusing to place their mobile phone in their YONDR Pouch and using their phone during school hours.
4. Other devices, such as laptops, tablets, airpods, headphones and smartwatches, pose similar challenges and opportunities. These devices can be linked to mobile phones and therefore the same policy applies to these actions.
5. All digital devices, not just mobile phones, should be used in safe, responsible and respectful ways, and are expected to be used under the same policy and procedures.

## Disciplinary action if the YONDR pouch is damaged.

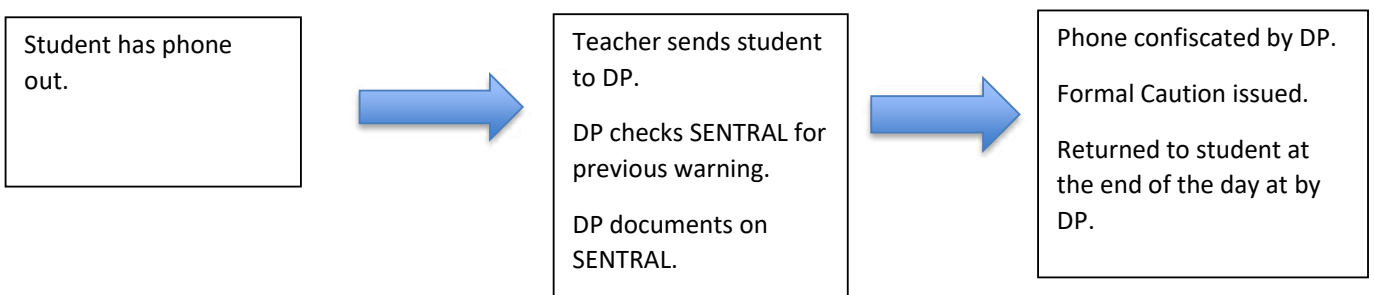

1. Phone+Pouch will be confiscated and parent/guardian will be notified immediately.
2. Student's parent/guardian must come to the school to pick up their child's phone and a replacement pouch may be assigned.
3. Formal caution of suspension for damage to school property in the first instance. Potential Suspensions may be considered for serious damage or repeated damage.
4. The Front Office staff will invoice parents \$15.00 via email and phone call for a replacement LMHS YONDR Pouch.
5. The student will only be allowed to bring a phone back to school if they or their parent/guardian pay the fee to replace the damaged school property.

## Disciplinary action for the improper use of mobile phones or digital devices.

For high school aged students in the Randwick area, we will show you how to use cardboard to design and create your own costume. At the end you can join in the parade if you are game!

In this workshop we'll have some fun and explore how the types of materials and the way our clothes are put together can make a difference. This is important because Australians send around 80% of our clothing to landfill and much of it does not break down easily.

# Rainbow Street School Safety Improvement

Transport for NSW is proposing to extend the Rainbow Street Public School drop-off and pick-up zone

October 2022

### What is proposed for Rainbow Street?

The current drop-off and pick-up zone for Rainbow Street Public School is over capacity in the mornings and afternoons on school days. This causes localised congestion and safety concerns during drop-off and pick-up periods.

The School and Randwick City Council have requested that the existing drop-off and pick-up zone be extended.

In consultation with the School and Council, Transport for NSW is proposing to extend the length of the existing drop-off and pick-up zone to increase safety and ease congestion.

To enable this extension, we propose to:

- Relocate the bus stop opposite Paton Street, 11m east towards Avoca Street.
- Convert 11m of the existing bus zone to no parking between **8am – 9.30am and 2.30 – 4pm on school days**.  
As a result, two (2) untimed parking spaces will be removed during these hours.
- Extend the no stopping area prior to the pedestrian crossing by 5m and extend the bus zone by 4m. This will remove two (2) untimed parking spaces.
- Convert 35m of untimed parking space (approx. six spaces) on the northern side of Rainbow Street, towards Botany Street, to no parking between **8am – 9.30am and 2.30 – 4pm on school days**.

### Next Steps?

We are planning to implement these changes before the end of the year.

These changes will require the implementation of new signage and relocation of the existing bus stop signage.

The work will take approximately one to two days to complete and be undertaken during standard construction hours.

We will provide another update closer to construction.
